

**2025/2026 Opportunities in support of the development of Cultural Capital,**  
**including those with a Social, Moral, Spiritual and Cultural focus**

**Impact**

The intended impact is that these opportunities, integral to our curriculum provision, inspire and celebrate talents, as well as providing the children with additional enjoyment of, and engagement in, experiences that they may not otherwise have. These opportunities support the development of the whole child by enabling a deeper understanding of the world through social, moral, spiritual and cultural learning and experiences and teaching children essential life skills.

**Spiritual**
